

Mission ALASKA

U.S. Missionaries Jeremiah & Sharnay Niemuth

Sharing updates from Alaska Home Missions at the Alaska Ministry Network Conference

the ministry of the early church that they needed each other and relied on each other to fulfill their great calling. Each of us has a mission to accomplish and we cannot do it alone.

As God works in us and through us to reach the lost in the remote places of Alaska, we are continually reminded of the importance of the body of Christ in this amazing task. From all of you who support us monthly, to the amazing people of the church here in Fort Yukon, to fellow missionaries who partner with us in outreaches, to the network of churches and pastors who celebrate each other's wins and share each other's burdens, **we are definitely a team!**

Being Part of a Team!

In 1 Corinthians 12, the Apostle Paul describes the church as the body of Christ. He says that some of the parts are apostles, prophets, teachers, those who do miracles, those with the gift of healing, helpers, leaders, and those who speak in unknown languages. What a team!

Paul did not say that each person should do their best to accomplish the Great Commission on their own and, when we all get to heaven, we'll compare notes! It is very obvious throughout

Make no mistake, each of you has a call of God on your life and there is a team that you are called to be a part of. **Don't let the business of life, the distractions of the enemy, or your own desires pull you away from your team.**

Coming up

CAMP NAHSHII

This coming July, Jeremiah will be directing Camp Nahshii, a unique and remote Bible Camp located 60 river miles down the Yukon River from Fort Yukon. Please pray for safety, salvations, healings, and for God to meet the youth of the Yukon Flats region in this camp called "Healing".

FORT YUKON OUTREACH

In August, we have multiple outreach teams coming to Fort Yukon to assist in kids outreaches, community service, work projects, and street ministry. We have a lot of logistics to work out between now and then, including materials to purchase and ship for the small work projects.

ALASKA HOME MISSIONS

Jeremiah continues to work closely with Terry Hull, the Director of Alaska Home Missions. With repair and building projects happening all across the state, pastors being sent, and home churches starting in villages with no church, we are seeing God on the move in amazing ways!

"Many of my people are drowning in sin and darkness, and need light. The way I got saved was a missionary came to our village. Our village has seen the light, but there are so many villages that still need the light of Jesus."

Pastor Jimmy Okitkum
Alaska Ministry Network's Western Region Presbyter

VENETIE OUTREACH

This month, Sharnay and I (along with Missionary Associate Oscar Santillana) were able to fly out to Venetie, another village in the Yukon Flats, to minister to the community. The community of Venetie is located northwest by plane from Fort Yukon and is home to about 200 Gwich'in Athabascan people.

We had an amazing time, filled with kids ministry, community service, Bible study, worship time, and meeting new people. We also had a chance to visit with folks we've known from Fort Yukon for years who recently moved up to Venetie. The village was very welcoming and we are looking forward to continued ministry in Venetie!

SUPPORT TEAM

We are blessed and honored by the generous support that you have continued to send our way. Knowing that you are behind us helps us focus on reaching the lost and building the Kingdom of God!

As we plan ahead for future ministry needs, we will be putting together an iteration tour to expand the budget for continued outreach and increased travel. Please keep us in prayer as we evaluate the needs and estimate the support raising efforts needed to meet those needs.
